Dear Kate,

I recently learned of the part-time massage therapist opening at your clinic from one of your physical therapists. My aspiration is to join your highly-respected practice where being an integral part of a team can heal so many people.

I enjoy working with new and rehabilitating clients to discover the benefits of soft tissue bodywork. My strongest asset is in establishing client comfort through my authentic communication and confident touch. I believe that the body is meant for continuous, free-flowing movement, so I have adapted my work to blend deep tissue and active/passive joint therapies for the most affective results to the neuromuscular system. As a bodywork therapist, these modalities allow me to connect to clients on a deeper, more structurally transformed level. The response to my work from previous and current clients has always been positive, and even after recovering from injury, bringing them back to my table time and time again.

I look forward to discussing the possibility of joining your exceptional team. I will contact your office within the week to discuss a convenient time to meet.

Sincerely,

A handwritten signature in black ink, appearing to be 'Shari Russell', with a long horizontal flourish extending to the right.

Shari Russell
