Vincent Walker, RMT  
Dance Therapy Clinic  
677 Davie St  
Vancouver BC V2G

Dear Mr. Walker,

It is my great desire to apply my knowledge and experience in holistic health therapies working with dancers and other performing artists as a part of your team at the Dance Therapy Clinic. Having just completed my holistic health program in San Diego, I am looking forward to relocating to Vancouver in January and contributing to the dance community through massage and bodywork for injury prevention, treatment and rehabilitation, and overall wellness.

With almost three years of study and practice in bodywork, and twenty two years of dance experience in ballet, jazz, modern, hip hop, and breakdancing, I am an active member of my dance community in both healing therapy and performance. In Vancouver I will be joining the dance community with the Vancouver Academy of Dance. My bodywork experience includes working under Katherine Ewalt, M.S. ATC, HHP, and owner of Performing Arts and Athletic Restorative Training Specialists in San Diego, performing chair massage at dance competitions throughout southern California, and maintaining a private practice. After many years working in customer service, I have gained valuable experience quickly building rapport with customers and working well as a member of a team. I feel that the knowledge and experience I have working specifically with dancers qualifies me to become an asset to your team of skilled therapists.

I am looking forward to meeting with you in person to discuss my qualifications in more detail, and demonstrate how I can positively impact clients and your practice. I will call to follow up on my application in a few days.

Sincerely,

Sabrina N. Solis
